I APPROVE MINUTES – August 24, 2010

### II UPDATE ON LAND INVENTORY PROJECT

#### A. Review Elma parcel maps

Kerry is completing Bryant's piece of property correctly. The Miller property the town is not interested in at this time.

### III CHAIRMAN'S REPORT

#### A. Follow up - Cost Benefit Model

The articles in the papers were right on track with what was talked about at the work session that we attended. There were no phone calls received regarding any questions on

what was presented.

#### IV PROPOSED CONSERVATION EASEMENT LEGISLATION

##### A. Update on LCE Draft Legislation

The Supervisor has to do a written letter requesting to attend a school board meeting to present the easement program. When a date is given the conservation board would like to attend to help answer any questions. It was suggested that maybe the Supervisor could call the new Superintendent and introduce the easement program to make him aware of what it is before the meeting. Mike offered to call Jane Corwin and see if she could help in anyway. Ray is going to put together numbers for a sample of what and how the easement program would affect the school system.
